

## Material Certification

I hereby certify that the material I am hauling into any Metro Green Recycling facility is clean and not contaminated with any Hazardous or Unacceptable Material, such as lead, PCB's, gas, diesel fuel, oil, waste water sludge, sewerage, asbestos, or any other material set forth or deemed by Georgia EPD to be a prohibited waste. Further, said material is not Hazardous Waste as defined by US EPA or contains PCB's regulated by 40 CFR 761.
